Department of Public Safety Oil Spill Coordinator's Office

Notice—Breton Island 2005 Oil Spill

Action: Notice of Availability of a Final Damage Assessment and Restoration Plan/Environmental Assessment (Final DARP/EA) for LOSCO NRDA case file LA2005 0612 1105 (Breton Island 2005).

Agencies: Louisiana Oil Spill Coordinator's Office, Department of Public Safety and Corrections (LOSCO); Louisiana Department of Environmental Quality (LDEQ); Louisiana Department of Natural Resources (LDNR); Louisiana Department of Wildlife and Fisheries (LDWF); Louisiana Coastal Protection and Restoration Authority (CPRA); and the U.S. Department of the Interior (DOI), represented by the U.S. Fish and Wildlife Service (USFWS), collectively referred to herein as the "Trustees".

Authorities: The Oil Pollution Act of 1990 (OPA), 33 USC 2701 et seq., and the Louisiana Oil Spill Prevention and Response Act of 1991 (OSPRA), R.S. 30:2451 et seq., are the principal federal and state statutes, respectively, authorizing federal and state agencies and tribal officials to

act as natural resource trustees for the recovery of damages for injuries to trust resources and services resulting from oil spill incidents in Louisiana. OPA implementing regulations may be found at 15 C.F.R. Part 990 and OSPRA regulations at *Louisiana Administrative Code* Title 43, Part XXIX. In accordance with OPA, OSPRA, and the regulations, the Trustees have conducted a Natural Resource Damage Assessment (NRDA) for the June 12, 2005 crude oil discharge into Breton Sound, Plaquemines Parish, Louisiana incident. Hess Corporation (HESS) was identified as the Responsible Party for the incident.

Summary: Pursuant to 15 C.F.R. §§990.23, 990.55 and *Louisiana Administrative Code* 43:XXIX, Chapter 1, notice is hereby given that a document entitled, "Final Damage Assessment and Restoration Plan/Environmental Assessment for the Breton Island 2005 Oil Spill and Restoration Project" is final and available to the public as of August 20, 2019. The Final DARP/EA identifies the natural resources and services that were determined to be injured by the incident, describes the assessment procedures used to quantify injury, outlines the scaling techniques and restoration alternative selection process, and presents the Trustees' selected plan to restore natural resources or services equivalent to those lost as a basis for compensating the public for the injuries to natural resources resulting from the incident. The Final DARP/EA evaluates restoration alternatives that the Trustees considered and identifies the Trustees' selected restoration alternative, which is to create Brown Pelican habitat on North Breton Island, Louisiana.

The Draft DARP/EA was available to the public for a 30-day review and comment period, which extended from May 20, 2019 through June 19, 2019. Public review of the Draft DARP/EA is consistent with all federal and state laws and regulations that apply, including Section 1006 of OPA, 33 U.S.C. §2706; the OPA regulations, 15 C.F.R. Part 990; Section 2480 of OSPRA, R.S. 30:2480; and the OSPRA regulations, *Louisiana Administrative Code* Title 43, Part XXIX, et. seq. The Trustees did not receive comments during the public comment period and have prepared the Final DARP/EA for implementation.

Interested members of the public are invited to view the Final DARP/EA via the internet at <http://www.losco.state.la.us> (look under Newsflash/current news for Breton Island 2005 Final Damage Assessment and Restoration Plan/Environmental Assessment Available) or by requesting a copy of the document from Gina Muhs Saizan at the following address:

For Further Information: Contact Gina Muhs Saizan at (225) 925-6606 or by email at gina.saizan@la.gov.

Supplementary Information: On November 20, 2006, the Trustees published a Notice of Intent in the *Louisiana Register* (Vol. 32, No. 11, pp. 2192-2193) to notify the public that they intended to conduct restoration planning for the incident and develop restoration alternatives that would restore, replace, rehabilitate, or acquire the equivalent of

natural resources injured and/or natural resource services lost as a result of the incident. In November 2018, Hess agreed to settle their NRDA liability for a cash amount, and the trustees published a Notice of Availability of a proposed Consent Decree for Natural Resource Damages in the *Louisiana Register* on November 20, 2018 (Vol. 44, No. 11, pp. 2094-2095). The trustees did not receive comments during the 30-day public comment period, and on March 15, 2019, the United States District Court for the Eastern District of Louisiana signed and entered the Consent Decree. A signed copy of the Consent Decree is available via the internet at <http://www.losco.state.la.us> (look under Newsflash/current news for Breton Island Consent Decree).
